FOR REPLY MEXICANS MAKE ARMY 500,000

By Associated Press.

Mexico City, November 7.—Provisional President Huerta's formal negative reply to the demands of the United States, which was discussed in detail at last night's cabinet meeting, will set forth that the United States has no right legally or otherwise to demand Gen. Huerta's resignation. This statement was given out today from one of the departments of the Mexican government. The reply, it is said, will also point out that Huerta has no right to accede to the demands. The informant says it was decided to incorporate in the reply a declaration that Gen. Huerta intends to increase the Mexican army to 500,000 men.

THE CHESTER FULL OF GUNS

By Associated Press.

Philadelphia, Pa., November 7.—The scout cruiser Chester, prepared for any eventuality, sailed from the Philadelphia Navy yard at noon today for Vera Cruz. There was no ceremony in connection with her going. The cruiser, which is equipped with the most powerful wireless apparatus on any ship in the American navy, is heavily loaded with provisions for three months and a large supply of ammunition. There is also aboard the vessel machine and field guns. She was expected to reach her destination Monday night.

GENERAL DIAZ UNDER ARREST

By Associated Press.

Havana, Cuba, November 7.—Gen. Felix Diaz was arrested here today and accused of shooting Pedro Guerrero, the young Mexican wounded by a bullet during last night's altercation, in the course of which, Diaz was wounded slightly. Gen. Diaz is said to have handed the revolver to one of his companions after he had shot Guerrero and seriously wounded him. Guerrero is the man who had stabbed Diaz with a knife. His condition is serious.

Gen. Diaz looked down-hearted when interviewed in prison by the Associated Press today. He showed two slight stab wounds on his neck just behind his ear as the result of his encounter last night. He said he suffered no pain, but had spent the forenoon resting. The court will not decide until next week as to whether he shall be placed on trial or released.

8 WAR VESSELS OFF VERA CRUZ

By Associated Press.

Washington, D. C., November 7.—Under orders from Rear Admiral Fletcher, commander of the squadron in the Gulf of Mexico, the battleship New Hampshire is steaming to Vera Cruz from Tampico. With her arrival eight American men of war will be assembled off Vera Cruz. Officials here gave no reason for sending the New Hampshire to Vera Cruz. Admiral Fletcher gave the order without instructions from the Navy department. The gunboat Anapolis arrived today at Santo Rosalia, lower California, where she is guarding at the request of the French foreign office a band of French colonists.

ROBBER GET \$12,000

By Associated Press.

Austin, Minn., November 7.—The safe of the State bank at Waltham, 12 miles north of here was blown by robbers early today and more than \$12,000 taken.

LIND MYSTERIOUSLY ENTERS MEXICO CITY

By Associated Press.

Mexico City, Nov. 7.—John Lind, the personal representative of President Wilson, arrived here today from Vera Cruz. The United States Embassy had not received advice of his coming.

Washington, D. C., Nov. 7.—John Lind's unexpected return to Mexico City from Vera Cruz is understood to have been without direct orders from Washington, but in line with the general instructions under which he has been enjoying the greatest freedom of movement. This latest development in the Mexican situation was surrounded by a great deal of reticence here.

It was pointed out as possible that he may be acting upon the belief that important developments may be expected. One official view is that Charge O'Shaughnessy either has received some intimation that Huerta is about to answer the representations made early in the week or that O'Shaughnessy is desirous of advising with Lind on additional steps to be taken under his instructions.

Mr. Lind proceeded to the American Embassy, where he will reside during his stay. He was accompanied by Capt. W. A. Burnside, the American military attaché and Ensign Hill of the battleship Louisiana, who was detailed by Rear Admiral Fletcher to act as Mr. Lind's aide.

DIAZ CANNOT TELL HOW IT HAPPENED

By Associated Press.

Havana, Cuba, Nov. 7.—General Felix Diaz recovered his composure at the hospital to which he was taken for surgical treatment after he had been wounded in the neck by Mexicans last night.

All that Diaz could tell about the incident was that he and his companions were listening to the band on the Melecon Promenade, when the electric lights were suddenly extinguished and he was attacked. He asserts that he was entirely unable to account for what happened afterwards. His wounds were not serious.

CABINET MEETING DISCUSSES MEXICO

By Associated Press.

Washington, D. C., November 7.—The Cabinet met today for the first time in several weeks. All the secretaries except Garrison and Wilson and Attorney General McReynolds attended. After the meeting no statement was made, but it was admitted that the Mexican situation was discussed.

THE LATEST FIGURES

By Associated Press.

Columbus, Ohio, November 7.—Official returns from all counties except Fairfield and Wayne, show the constitutional amendment granting women the right to hold positions in institutions caring for women and children received 17,462 affirmative majority votes. The amendment exempting public bonds from taxation was defeated by 21,687 votes.

WILSON BRINGS ABOUT REVERSAL

By Associated Press.

Washington, D. C., November 7.—An entirely new line-up in the Senate Banking committee, with a majority behind the administration appeared today, when, by a vote of 7 to 5, the committee reconsidered its action reducing the number of regional reserve banks to four. Senators Reed and O'Gorman, the Democrats who had been voting against the administration proposal, voted with the other Democrats. The administration won another point when the committee voted to retain on the Federal Reserve board as an ex-officio member the Secretary of the Treasury.

PUBLIC IMMORALITY PROBLEM FOR STATES

By Associated Press.

Minneapolis, Minn., Nov. 7.—"Public immorality is a problem with which the states must deal," said Herbert S. Gernert, of New York, in the principal address at the opening session of the International Purify Congress, here today. "A commission of morals should be established in each of the states whose duty it would be to take cognizance of the morals of the people to aid in the enforcement of the laws directed against evils and to work for the best moral conditions in factories, schools, dance halls and other places, he said.

CHAUFFEUR STRIKE FINALLY ADJUSTED

By Associated Press.

New York, Nov. 7.—Nearly 1000 taxicab chauffeurs decided at a mass meeting early today to accept an eleven hour work day as offered by employers, thus receding from their ten hour demand, to enforce which they threatened to strike. The men formerly worked 12 hours.

OHIO VILLAGE MOWED BY FIRE

By Associated Press.

Edon, Ohio, November 7.—The business section of this village was

nearly wiped out by a fire which started at 11 o'clock last night, and destroyed five buildings and damaged several others. Total loss estimated at \$115,000.

MILITANTS AFTER ENFRANCHISEMENT

By Associated Press.

London, England, Nov. 7.—Decided efforts are being made to induce the British government to come to an agreement with the Suffragists, whereby a measure for the enfranchisement of women can be made a part of the official program of the Liberal Party. It is known that the Government will consider only a compliance based on an unqualified repudiation of the Women's Social and Political Union and all its militant methods.

MANNBLOCKSMOVE

By Associated Press.

Washington, D. C., November 7.—Congressional investigation of the Colorado strike was blocked in the House today by Republican Leader Mann making a point of no quorum. Mr. Mann conceded it was very likely that Congress should investigate, but because the worst strike of all was in the House of Representatives, where absentee members should be ordered back to work, nothing could be done with the investigation at present.

DISCREDITS HENNESSY

By Associated Press.

New York, Nov. 7.—George H. McGuire of Syracuse spent more than an hour before Chief Magistrate McAdoo, denying that he had ever given John A. Hennessy information regarding contributions made by canal and highway contractors, saying among other things that he never heard of a meeting in Albany in which it was decided to send Everett P. Fowler out to make collections until Hennessy himself mentioned it.

FEDERAL OFFICER MAKES INVESTIGATION

In response to a letter from Chief McCoy, United States Deputy M. P. Boland, of Cincinnati, came to this city Friday morning to make an investigation of the case in which William Cramblett is charged with having passed, or attempted to pass, "raised bank notes."

Cramblett is still in the county jail and will probably remain there for some time unless he is taken charge of by the Federal officer and removed to Cincinnati.

SMALL CHILD ATTACKED AND WOUNDED BY ENRAGED SWINE

Only the timely interference of Wert Elliott, residing on the creek road, saved his little son, Joseph, from being torn to pieces, Thursday when the child was attacked by an enraged sow while the little fellow was in the act of securing his hat which had fallen from the child's head while it was on a wagon with Mr. Elliott.

Mr. Elliott was hauling fodder and had his little son with him. While crossing the barnlot the child's hat fell to the ground, and little Joseph climbed to the ground and ran back to secure it.

He succeeded in grasping the hat and was about to run back to the wagon when an angry sow attacked

him, knocking him down and planting its teeth into the back of the little fellow's head.

The child's screams drew the attention of Mr. Elliott, and he sprang from the wagon and dashed upon the sow with such fury that she fled, leaving the prostrate child covered with blood from the wounds in the back of the head.

It was quickly ascertained that the child was not seriously injured, and while the blood flowed profusely, the wounds were not of serious character.

The child is in a very nervous condition as a result of the attack. Had the father not been close at hand when the attack was made, the child would have been torn limb from limb.

SOLDIERS REST ON THEIR ARMS

By Associated Press.

Indianapolis, Ind., Nov. 7.—Indianapolis will not be placed under martial law and the entire state militia that was brought here yesterday for strike duty will remain in its present quarters as long as there is a possibility of settling the street car strike. This announcement was made by Governor Ralston after he had conferred with both sides of the controversy today.

"I am very hopeful of having this trouble settled by arbitration," said the Governor, "and as long as there is a possibility of bringing this about I shall not place the troops in control of the city."

Recognition of the Union seems to be the bone of contention between the strikers and the street car company.

After the labor leaders today had refused the proposition to which the street car company had agreed as a basis for settling the strike, Governor Ralston drew up a new statement and submitted it to the company and labor leaders. This statement differs from the plan of yesterday in that it does not demand the surrender of the union charter and the withdrawal of outside labor leaders from the state.

Judge Remster, sustained a demurrer filed by W. H. Lat a, attorney for the street car company in the suit of Albert C. Pierson, a citizen, asking that a receiver be appointed for the company on the ground that the prosecuting attorney must bring action to have the company's franchise revoked. Pierson asked for a receiver for the company on the ground of eminent domain; that the street car company by its neglect to operate cars had forfeited its franchise and that martial law is imminent because of the strike.

SPREADS TO RICHMOND

By Associated Press.

Richmond, Ind., November 7.—The Richmond street car service was tied up today by a strike of motormen and conductors, but there was no disturbances in the early hours of the strike. The men demand more money. The Richmond car lines are a part of the Terre Haute, Indianapolis and Western system and it is said the strike at Indianapolis precipitated the walk-out here.

DESPERATE EFFORT TO CONCEAL CRIME

By Associated Press.

Chicago, Ill., November 7.—Gertrude Hanson, 16, servant, employed at the home of Otto Johnson, was found bound and gagged amid burn-

ing rubbish in the basement of the house today. She was unconscious, but detective express the opinion she had been attacked and that the perpetrator had taken desperate measures to conceal his crime. Her clothing had been saturated with kerosene and paper and other rubbish nearby set on fire.

POLICE BAFFLED BY TRAIN ROBBERS

By Associated Press.

Omaha, Neb., November 7.—The police of Omaha and Council Bluffs have made little progress in their search for the men who robbed the occupants of a sleeping car on the Burlington system's Chicago-Denver train early today. About \$300 in money and six watches were taken from three passengers and three trainmen. Harry LaProsse, suspected by the police, was found to be in the Kansas City state prison.

SALOON QUESTION GETS INTO COURT

By Associated Press.

Cincinnati, Ohio, November 7.—Saloon men who were deprived of licenses by the Liquor License Board will try to have the action of the board declared unconstitutional, for the reason that when a license is refused, no provision is made for a repeal, it was announced today. If a rejected applicant should prove his right to a license, there is no way to change the decision of the License Commission, because all of the licenses will have been awarded, it is contended.

THOMAS SAYS LEARNING MAKES SNOBS OF MEN

By Associated Press.

St. Louis, Mo., November 7.—Prof. W. W. Thomas, of Springfield, Mo., told the state convention of Missouri teachers that the present system of education was creating snobs. He said the trend of education was toward the professions and that this tended to inculcate the feeling that manual labor was degrading. He urged industrial education and mental training.

SURGEON-DISCOVERER CALLED TO HIS REWARD

By Associated Press.

Stockbridge, Mass., Nov. 7.—Dr. Charles McBrune, 68, New York surgeon, died suddenly at his home here today. He returned from a hunting trip in Maine last Saturday and had been in usual health since last Sunday. He is credited with having discovered that the removal of the "veriform appendix" could safely be made and would be beneficial when attacked by disease.

Demands of the Newspaper Reader

The demands of today's newspaper reader differ widely from those of a few years ago, and are constantly becoming broader in their character.

There may still be a few localities where the happenings within the narrow confines of the village are all that is required, but they are certainly few, and becoming fewer all the time. To be sure people want to learn of the local happenings; want the local field covered and the welfare of the community made the interest of the newspaper, but also demand a maximum of attention to the handling of the large outside events and issues of the moment.

Several causes are responsible for these changing habits, the broader education of today; the growing tendency among both men and women to take active interest in current day issues and events; the necessity of having some knowledge of present day affairs in order not to be set apart as an ignoramus.

With increased educational advantages, with culture acquired by travel today as never before, and with all the great forward movements in philanthropy, religion and ethics, people are beginning to take a more serious view of life and of public matters. They no longer run through the newspapers merely to be entertained or startled, for they are genuinely interested in world movements and world affairs.

People are beginning to discriminate, to want some food for thought or some incentive to effort.

The editorial page, with its passing comment on affairs and problems of the day is read as never before and with more intelligence, the reader reserving the right to independent judgment upon its expressed views.

More and more all that is stupid and trite in newspaper recital is being cut out and the space thus occupied devoted to up-to-the-minute information in matters that are of real interest in both home and world wide affairs.

Unquestionably there is more general newspaper reading today than ever before and unquestionably the women of the country are newspaper readers much more than in the past.

Americans Waste With Lavishness That Is Ruinous

Untold Riches Would Have Been Ours

Arouse Public Opinion To Stem Loss of Wealth

© 1913, by American Press Association.

By WILLIAM C. REDFIELD, Secretary of Commerce

FOR preventing fires restrictive and regulating laws are good. The appointment of proper officials with broad powers is right, but two things about these good and right things are true—namely, that they may all be done without getting at the root of the trouble. Unless these laws and these officials are SUPPORTED BY PUBLIC OPINION they will be useless.

THE AWAKENING OF PUBLIC OPINION IS, THEREFORE, THE ESSENTIAL THING AND THE MOST DIFFICULT. WE HAVE BEEN SO WASTEFUL A PEOPLE IN MANY WAYS THAT IT HAS BECOME A HABIT. WE WASTE ON EVERY SIDE WITH A LAVISHNESS THAT WOULD MAKE US AS A NATION RICH BEYOND THE DREAMS OF AVARICE IN A FEW DECADES IF WE COULD GET WASTE WITHIN REASONABLE BOUNDS.

No thought of safety measures occurs until some such great disaster as happened when sixteen hundred lives were lost on the Titanic and when one hundred and thirty-six perished with the Volturno. It is then that the people begin to consider that additional safety regulations are needed.

Arouse public opinion THROUGH EDUCATION. Such education can be imparted by a staff of demonstrators who would go through the country addressing legislatures, labor unions, schools and civic organizations.

Poetry For Today

AUTUMN.

The autumn leaves are falling fast
The leaves of golden brown—
And summer days are long gone past
And winter meets us with a frown.

The children they all run to school,
Some do not mind the weather.
Thin ice has frozen up the pool
And frost has killed the heather.

The roses they have long been dead.
The pansies, too, are gone,
And purple lilacs also fled;
The colored asters they are done.

The birds are leaving one by one,
They, too, will soon be gone,
Then comes winter's coldest snow,
And skating for the young.

Though winter days be long and dreary,
And some be dark and cold,
Oh! many people grow so weary,
There are few who seem too bold.

DRAW QUILL THROUGH THE SCARY WORDS

MAKES RESERVE SOLELY OF GOLD

Words "Or Lawful Money" Stricken From Currency Bill.

THREE DEMOCRATS VOTE FOR IT

Senate Committee Continues to Show Disregard For the Indicated Views of the President, Who Must Fight to Save the House Measure From Mutation Beyond Recognition—Other Changes Made in the Banking Bill.

Washington, Nov. 7.—The senate committee on banking and currency made further sweeping changes in the administration currency bill. It voted two to one to strike from the bill the words "or lawful money" wherever they occur, thus making the reserve required to be held under the bill to be solely of gold. Four Democrats voted to retain the words "or lawful money." They were Chairman Owen and Senators Hollis, Pomerene and Shafroth. All Republican members of the committee and the three Democrats, Senators O'Gorman, Hitchcock and Reed, voted to strike the words from the bill.

After the committee adjourned, Chairman Owen summed up thus: "The Republican members of the committee have won every proposal they submitted except one."

The committee went on record, by a vote of 7 to 5, in favor of public ownership and public control of the stock of the reserve associations.

As the bill now reads, public control of the regional reserve associations is assured by providing that of nine directors for each regional bank, five shall be appointed by the federal reserve board in Washington, which will be appointed by the president, and four by the member banks.

The situation in the senate committee has reached a crisis so far as the administration is concerned, for the two Democrats and five Republicans acting together have altered the administration bill almost beyond recognition. That President Wilson will not accept the measure that the committee will put up to him was made clear by senators who came away from the White House after interviews with the president. Senator Kern, leader of the majority, sent out notices to all absent Democratic senators to return to Washington without delay.

Demand Party Caucus.

Washington, Nov. 7.—Senator Vandaman said he favored a Democratic caucus to take the currency bill over entirely and make it a party measure. Senator Tillman said he advised the president to "run a freight train over" the recalcitrants, and Senator Thompson declared that Democratic patience had ceased to be a virtue and that it was time the Democrats in the senate as a whole took the situation in hand and gave the administration loyal support.

Better Than Calomel

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets. These pleasant little tablets do the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy". Note how they "clear" clouded brain and how they "perk up" the spirits. At 10c and 25c per box. The Olive Tablet Company, Columbus, O. adv

Weak, Inactive Kidneys Cause Much Trouble

Backache, rheumatism, and all kidney and bladder disorders are caused from weak inactive kidneys, which fail to filter out the poisons, and keep the blood pure. The only way to positively and permanently cure such troubles is to remove the cause. The reason why Foley's Kidney Pills are the best medicine for kidney and bladder troubles is because they are made wholly of those healing, strengthening and restorative ingredients that nature needs to build up and renew these important and vital organs. See that you get Foley's Kidney Pills for your kidney and bladder troubles. They are tonic in action, quick to give good results, and contain no harmful drugs.

MANAGER HEISKELL GOES TO CHILLICOTHE OFFICE

Chas. W. Heiskell, For Over Three Years Manager of the Bell Telephone Company in This City, is Promoted to Position Now Occupied by Lou A. Green, Who Has Tendered His Resignation.

H. C. CONWELL OF HILLSBORO IS COMING HERE.

Departure of Mr. Heiskell Will Cause Deep Regret Among His Hundreds of Friends Here—Change Will Probably Take Place Next Week When Books of Various Offices Are Audited.

Mr. C. W. Heiskell, who has very ably managed the local office of the Bell Telephone Company for over 3 years, will leave for Chillicothe next week where he will become manager of the Bell office, supplanting Lou A. Green, whom, it is understood, has tendered his resignation in order to take up other work.

Mr. Heiskell will be succeeded here

by H. C. Conwell, present manager of the Bell office at Hillsboro, who will move his family to this city and make his future home here. Mr. Heiskell will move his family to Chillicothe in the near future.

Mr. Conwell will be succeeded at Hillsboro by W. H. Miller, present Manager of the Bell office at Winchester, Adams county. The Hillsboro and Winchester offices will both be under the management of Mr. Miller, owing to some changes in that locality.

The departure of Mr. Heiskell will cause genuine regret from his hundreds of friends in this city, who, while greatly pleased to know of his promotion, will nevertheless, regret to see him leave Washington, and the wish of all will be that success continue to attend him.

While in this city he has shown himself to be a capable manager and one worthy of advancement. The salary carried with the management of the Chillicothe office is considerably in advance of the salary paid at this point.

It is not known just when Mr. Green will take up when he leaves the management of the office at Chillicothe.

DEER HEARD FROM NEAR WATERLOO

The wild deer which has been creating no end of talk among residents of near Madison Mills, was last seen in that neighborhood on the Cyrus West farm, between Bloomingburg and Madison Mills.

However, now comes a report stating that the deer is headed southeast, and that it was seen within a couple of miles of Waterloo as late as yesterday.

It has visited the West farm upon two or three different occasions, but has never permitted anyone to approach close to it.

The fact that it is really a deer has been fully established among the farmers of the Madison Mills locality who have seen it.

One man declares that in leaping wire fences it easily clears seven to eight feet in its plunge through the air.

Everyone throughout northeastern Fayette is on the alert for the animal.

CALLED HOME BY WIFE'S ILLNESS

Owing to the serious illness of Mrs. N. P. Clyburn, of this city, Mr. Clyburn has returned from Washington where he holds a position in the House postoffice.

Mrs. Clyburn suffered a paralytic stroke this week and has been in a very serious condition since affliction befell her.

JONES—KIMMEY.

Miss Elizabeth Kimmey, daughter of Mr. and Mrs. Frank Kimmey, was married to Mr. E. A. Jones, son of Mr. Levi Jones, of Derby, by Rev. Bowman Hostetter, at the Christian parsonage Thursday afternoon at 3 o'clock.

The bride, who is a very pretty girl, wore a blue coat suit and hat to match. After the ceremony Mr. and Mrs. Jones returned to the home of Mrs. Jones' parents, where they remained over night, leaving Friday on a two weeks' trip. Upon their return they will make their home with the bride's parents. They have the best wishes of many Washington friends.

The bridegroom belongs to Washington's baseball team, the Athletics.

MACCABEES ENTERTAIN.

The ladies of the Maccabees and their guests were delightfully entertained at the home of Mrs. Jennie Mark on E. Temple street Thursday afternoon.

It being an ideal day a large number responded to the invitations and received a most cordial reception from the hostess. The rooms were embowered in scarlet and bowls of yellow, pink and white Chrysanthemums added to the beautiful decorations.

Quite a surprise was given the ladies in the form of an old-fashioned comfort knotting, which furnished plenty of mirth for the hour.

A tempting collation was served. Assisting in the afternoon's hospitalities were Mrs. Lon Mark and Miss Mary Noble.

TRAIN RIDERS LEAVE IN HURRY

Five dollars and the costs, suspended upon condition that they immediately shake the dust—or rather the mud—of the city from their shoes, was the penalty assessed by Justice T. N. Craig when two young men, charged with train riding, were brought before him by Detective Kennedy Friday morning.

The pair were glad indeed to have a chance to "dig" and lost no time in leaving the city, not by a side-door pullman, but using their legs to best ability.

PHYSICAL CULTURE CLASSES FOR WOMEN

The latest plans of the Y. M. C. A. Physical Work committee, approved by the Board of Directors, are for the establishment of a physical culture class for women and girls.

The plans include the fitting up of a special room outside of the Y. M. C. A. building and holding regular classes each week, under the direction of Physical Director J. W. McClung.

For a long time there has been an increasing demand for physical culture classes for women, and within a short time definite plans will be formulated and made public.

Among the places sought by those in charge of the work is the dining hall of Confidence lodge, which is splendidly adapted to the work.

All desiring to join the classes are requested to communicate with Physical Director McClung.

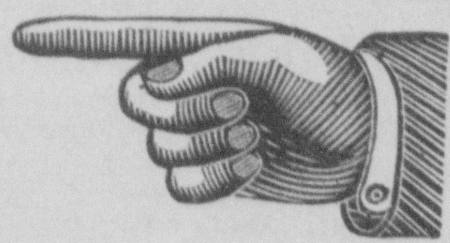

The innovation is expected to be popular from the start.

CHOICE CATTLE FOR THE BLOCK

A herd of 21 fine young cattle weighing 850 each and of the Hereford breed, was driven to a point in front of the White Tile Meat market on East Court street just before noon Friday, where a picture of the herd was secured.

The herd was sold to Mr. Anderson, proprietor of the White Tile Meat market by Mr. E. A. Parrett, of Madison Mills, and will be butchered at once and sold over the block at the White Tile.

Mr. Parrett purchased the cattle last fall, when they weighed less than 300 pounds. They were shipped into this county from Texas.

SEEKING A TRUCE WITH THE REBELS

Huerta Desires Joint Action In
Resisting United States.

REVOLUTIONISTS FAVOR IDEA

Plans Being Perfected For a Meeting
of a Commission of Six, To Be Held
Elsewhere Than in the Mexican
Capital—Attempt Made On the Life
of the Provisional President—Late
Developments.

Mexico City, Nov. 7.—In response, it is believed, to a message from General Huerta, a message was received at the national palace and made public, proposing on the part of General Carranza and the Constitutional army an agreement looking to a temporary truce. No secret was made of the idea that the supposed truce would be for the purpose of joint action in resisting any warlike step that may be taken by the United States.

The capital has accepted the message as authentic, and official circles are reported as already busy perfecting initial plans for the meeting of a commission of six, presumably to be held elsewhere than in Mexico City.

Another development of tense situation came when what is regarded as an attempt upon Huerta's life was made by an unidentified man. The provisional president was driving along the Atzacapatzalco causeway at the time. When he arrived at the agricultural school the man sprang from the shadows and seized his horse's bit bridle, at the same time flourishing an automatic pistol. The frightened animals reared and one of them struck the man with his hoofs, injuring him badly. He was arrested, but is said to be in a dying condition. It was said at the palace General Huerta probably would have to defer his customary meeting with the newspaper correspondents.

In the wake of Huerta's refusal to retire at the bidding of the United States, the papers treat the subject very briefly, their stand apparently being inspired from the national palace. However, the attitude of the

public continues unchanged and the anti-American bitterness is increasing steadily.

Huerta has a federal army, widely scattered but still loyal, of nearly 60,000 trained soldiers, rules, state police and volunteers.

AIR WHOLE MESS BEFORE CONGRESS

Wilson May Be Forced to Place the
Entire Mexican Problem.

Washington, Nov. 7.—The capital is deeply concerned over reports received from Mexico City to the effect that President Huerta is determined to reject all of the demands contained in the last communication from the United States. If President Huerta insists on maintaining a defiant attitude to the insistence of the United States that he and his followers eliminate themselves, only one course apparently will be left for President Wilson to pursue. It is believed that this government has gone too far to draw back, and that a rejection by President Huerta of the final demand will result in Mr. Wilson laying the entire Mexican problem before congress.

HUERTA TO RESIGN?

Strong Rumor Afloat That He Intends
Doing So at Once.

Vera Cruz, Nov. 7.—There is a strong rumor here to the effect that President Huerta either has resigned or has announced his intention of doing so at once. It was strengthened by the hurried departure of John Lind for Mexico City, presumably upon a request from the dictator. Various other rumors are in circulation, one to the effect that Lind goes to carry the final ultimatum from Washington, an ultimatum that will be both verbal and in writing. Lind's departure was kept secret for several hours, but when it became known there was great excitement in the streets.

GENERAL DIAZ STABBED IN NECK

Mexican General Clashes With Rebel
Sympathizers in Havana.

Havana, Nov. 7.—General Felix Diaz was stabbed in the neck in a fight with sympathizers with the Carranza rebel movement in front of the Hotel Niramur here. Pedro Guerra, one of the Carranzistas, who attacked the Mexican fugitive, was shot in the stomach by a revolver bullet and is expected to die. He said Diaz fired the shot.

Will Telegraph Crop Reports To All States in the Union

Newspapers to be Furnished With
United States Crop Reports With-
out Delay Which Usually Accom-
panies Sending of Such Reports.

As a result of requests from editors and editorial associations in many states, the United States Department of Agriculture has announced that the November crop reports for each state will be supplied to the newspapers in all states through the Central Weather Station located in each of the states.

This is an extension of the experiment of telegraphing the state crop returns to the Central Weather Stations in each of nine states, and having these telegrams duplicated at once and mailed to the newspapers and agricultural publications. Under this plan newspapers in 39 additional states will now receive full details of the state crops far more quickly than would be possible if these state crop details were put in the mails at Washington and had to travel by train long distances to the more remote states.

Under this plan the general sum-

mary of the crops for the United States will, as heretofore, be issued in Washington for telegraphic distribution. It has been found, however, that the conditions of crops within their particular states are of especial value to the farmers and producers, to whom the conditions in their own state are important in the marketing of their produce.

Under this plan the Department sends one telegram to the Central Weather Bureau in each state, and within a few minutes after the crop figures for the state are completed in Washington the Weather Bureau is enabled to mail copies of the figures from a central point within the state to all papers in that state.

These state crop reports are not supplied to individuals and are mailed only to editors of regular publications. The November state crop report for the 39 states newly added to the list will be sent only to the daily papers, the county seat papers, and agricultural publications. Meanwhile, the Department is preparing lists of small-town weeklies, and in December the crop reports will be sent also to the smaller papers.

SOCIAL FEATERS OF K. G. E. LODGE

The social under the auspices of
Crusade Castle, Knights of the
Golden Eagles, at Odd Fellows Hall
Wednesday evening, was one of
marked interest.

The program consisted of recitals, instrumental and vocal solos, which were well executed.

The opening address was made by Miss Hazel Ellison, of Sunny Side, this city, it being her first effort along this line which brought forth hearty applause.

The young ladies' Glee Club of the Church of Christ, under the direction of Miss Mabel Jones, rendered excellent music, also "The Ohio Southern" male sextette gave quite a number of selections, showing great efficiency.

At the close of the entertainment light refreshments were served under direction of Sir Knights Geo. W. Bybee, J. F. Adams and Hamer McDole, committee on arrangements.

ONE PROPOSAL ALL THAT WON

RURAL COUNTIES RAP TAX EXEMPT BONDS

Amendment Defeated By More
Than Twenty Thousand.

Columbus, O., Nov. 7.—Returns to Secretary of State Graves of the vote on constitutional amendments in 72 counties and the unofficial vote in the other 16 counties show the bond exemption amendment was beaten by 20,046. The vote was, yes 308,048, no 328,094. Almost without exception the rural counties voted strongly against this proposal.

The amendment for the eligibility of women to manage institutions caring for women and children, the only proposal to carry, was adopted by 176,665. The vote was, yes 425,238, no 248,573.

The vote on the other amendments and the proposed law which was rejected was: State short ballot, yes 233,397, no 445,551, majority against 211,154; county short ballot, yes 215,067, no 435,846, majority against 220,779; small legislature, yes 241,124, no 404,981, majority against 163,857; anti-liquor shipping bill, yes 348,833, no 438,634, majority against 89,801.

That the voters were able to discriminate between amendments they wanted and those they did not want is strikingly shown by the record that between the majority for the eligibility of women and the majority against the county short ballot there is a difference of 397,444 votes. The county short ballot suffered the worst defeat. The drys did better than the wets, for the small legislature amendment was beaten by 74,056 more adverse votes than was the anti-liquor shipping bill.

MT. STERLING MAYOR HEWS TO THE LINE

Mayor L. E. Kober, of Mt. Sterling, has been enforcing the laws in that town as never before, with the result that in the past two years he has heard 126 cases and collected and turned into the treasury \$3,378.20 in fines.

It is claimed that the amount is more than the town has received in the past 20 years from the same source.

BOSTON MUSICAL CLUB HERE TONIGHT

What is expected to prove one of the most popular musical entertainments ever given in the city, will be that of the Boston Musical club at Grace church tonight, the second number of the splendid numbers composing the Washington Lecture Course.

Not only is the concert work of the eight talented musicians far above the average, but their solo work is also of the most pleasing kind.

IS CHARGED WITH ASSAULT TO KILL

As the result of a squabble which ended in the use of boulders hurled at the head of W. E. Davis, Thursday afternoon, Davis appeared in this city and filed an affidavit against Elmer Thomas, charging him with assault with intent to kill.

The two men were hauling stone and were at Boyd's crossing when the trouble occurred. They became involved in a heated argument and Thomas is said to have let his temper get the best of his better judgment, and he commenced pelting Davis with stones, with the result that Davis suffered a very painful wound in the head.

Thomas was arrested and brought to this city, giving bond for his later appearance in police court.

KILLED BY TRAMPS

Ohio Man Found Dead and His Companion Unconscious.

Port Clinton, O., Nov. 7.—Mike Hellek, 56, of Gypsum, was found dead on the Lake Shore railroad tracks, with John Astrollos, his companion, lying unconscious over him. When Astrollos recovered consciousness he said he and Hellek had been attacked by four tramps, who killed Hellek after robbing him of \$50. His condition is serious.

Run-down Women

Find Health in a Simple Tonic.

How many women do you know who are perfectly well, strong and healthy as a woman should be? They may not be sick enough to lie in bed—but they are run-down, thin, nervous, tired and devitalized.

Women are so active nowadays, and so much is expected of them, that they constantly overdo and suffer from headache, backache, nervousness and kindred ills.

Such women need Vinol, our delicious cod liver and iron tonic without oil which will create an appetite, tone up the digestive organs, make pure blood and create strength.

Mrs. Walter Price, Biloxi, Miss., says: "I was in a run-down condition for months, I had taken several medicines but they seemed to do me no good. Finally Vinol was recommended, and from the first bottle I began to improve until I am strong and well as ever."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Blackmer & Tanquary, Druggists, Washington C. H., Ohio.

DANIEL O'REILLY ENTERS BEYOND

Was One of the Best Known Criminal Lawyers in the Country.

New York, Nov. 7.—Daniel O'Reilly, whose connection with celebrated murder trials made him one of the best-known criminal lawyers in the country, died at his home here. His death was due to a complication of diseases in which long-standing heart trouble was most prominent.

O'Reilly was until a few years ago one of the best-known criminal lawyers in New York city. Among the celebrated murder cases where he was of counsel for the defense were the Nan Patterson and Thaw trials. His career as a lawyer ended in 1911, when he was found guilty on a charge of receiving stolen goods, sent to prison and disbarred. He was 45, a big, curly-haired, amusement-loving man, with many friends.

SEEKS ASHBROOK'S SEAT IN CONGRESS

Senator William Green Is a Candidate For Congress.

Columbus, O., Nov. 7.—Senator William Green of Coshocton, O., threw down the gauntlet to Congressman William A. Ashbrook of Newark by announcing he will be a candidate for the Democratic nomination for congressman in the new Seventeenth district. A coal miner by trade, since he came up out of the mine he has been one of the most prominent representatives union labor ever has had in the legislature. Now serving his second term as senator, he is president of the senate and the Democratic leader in the upper house.

GOV. COX WANTS UNCLE SAM'S AID

Governor Cox Talks About Flood Protection In Middle West.

Columbus, O., Nov. 7.—Appropriations made by the government from its rivers and harbors fund for flood protection in the middle west, was the slogan of Governor Cox, who addressed the members of the Ohio millers' state association at its fall meeting here. Appropriations for the improvement of waterways have been given plentifully to seaboard states, the governor declared, and now the time has come when the ruin of farm lands of this and other flood-afflicted states should be stopped by flood protection measures partly financed by the national government.

M'GRAW ASKS INVESTIGATION

CLAIMS BELL PEOPLE AFTER INDEPENDENTS

Ohio Telephone Fight Before Utilities Commission.

Columbus, O., Nov. 7.—Simultaneous with the filing of the reply of H. B. McGraw of Cleveland to the answer of the Cleveland Telephone company in the complaint made by McGraw before the public utilities commission, that an attempt is being made by the Bell company to gain control of independent companies throughout the state, came the filing of an interpleader by the Postal Telegraph company, joined in by 10 individual complainants from Cleveland, also asking an investigation.

Mr. McGraw complains that the so-called Morgan-Bell interests, which are said to control the Cleveland Telephone company and the Cuyahoga Telephone company, an independent line, are trying to wreck the latter company in order to make conditions so unbearable that the subscribers will demand a complete merger of the companies. Mr. McGraw asks that the commission compel the company to produce its records.

Dayton, O., Nov. 7.—Charging that the 3-year-old daughter of Harry and Maud C. Franz, Christian Science adherents, choked to death from diphtheria while being prayed over by a Christian Science healer, and that the child did not receive medical aid, the board of health started an investigation with reference to prosecutions.

EMPIRE THEATER.

A large house attended the Jardin de Paris Girls Extravaganza Co. burlesque show at the Empire Thursday night.

The exhibition bout of Cora Livingston, the world's champion lady wrestler, and of Paul Bowser, wrestler, were two of the evening's big features.

There was catchy music and a variety of new features.

MAKING PROGRESS ON NEW ADDITION

Practically all of the plumbing has been completed in the Stinson addition to the Y. M. C. A., and next week the plasterers will be busy finishing the interior. The electric wiring will also be completed next week.

It is planned to have the building fully completed and furnished by January 1st so that it can be thrown open in a big house warming at that time.

The ladies' rest room will also be thrown open to the public at that time, and plans are under way to make the event a notable one.

Pain in Back and Rheumatism.

Torment thousands of people daily. Don't be one of these sufferers when for so little cost you can get well rid of the cause. Foley's Kidney Pills begin their good work from the very first dose. They exert so direct an action on the kidneys and bladder that the pain and torment of backache, rheumatism and kidney trouble is soon dispelled. Blackmer & Tanquary. Advt.

Miss Roxie Stinson went to Columbus Friday to be the guest of Mrs. E. G. McCann.

Mrs. Maude Coffman, daughter, Miss Geraldine, and Miss Winona DeWitt are spending today in Columbus, guests at the Columbus School for Girls, which Miss Coffman formerly attended.

Miss Mary Craig went to Delaware Friday to be the guests of her brothers, Messrs. Winchell and Harold Craig at the O. W. U. and to attend the Russian Symphony concert.

Mr. Glen Allen, of Athens, is the guest of his parents, Mr. and Mrs. J. H. Allen enroute from a week's stay at his farm in Michigan. Mr. Allen has shipped 1400 bushels of potatoes from his Michigan farm this season and most of them to this city.

Mrs. J. M. Willis and daughter, Doris, are spending the day in Columbus.

Mrs. Carrie Cline Deer, Mrs. Wm. Davenport, Mrs. Jared Adams, Mrs. Will Martin, Mrs. Wm. Fogle, F. G. Carpenter, John Morris, Nancy Roberts, Jane Van Pelt, D. W. Ellis, Geo. Hays were among the W. R. C. women attending the District convention in Wilmington Thursday.

Mr. John Reed and Mr. Frank Thompson, Briar avenue, Millwood, left Friday for Oxford to see the O. W. U. and Miami football game. Frank Reed is one of the Miami eleven.

Mr. and Mrs. Eli Craig, Mr. and Mrs. Williams Craig and Mr. Clarence Craig, left Friday on a motoring trip to Muncie, Ind., to visit Dr. O. E.

Spurgeon and wife (nee Ella Worley). They will also motor to Kokomo and Marion, Ind. In the early fifties Mr. Eli Craig traveled to Kokomo in Prairie schooner fashion to make his home there for a while. This is the first time the old trail has

been re-visited and it will be a trip of much interest and comparison.

Miss Minnie Cox is visiting her sister in Dayton and attending the Teachers' association.

Those who know will think of this store

It is with a measure of personal pride that this store acknowledges its close relations with Stein-Bloch Smart Clothes.

No store could possibly devote a greater degree of effort than ours to the securing of fine merchandise for your service.

In selecting Stein-Bloch garments we have laid aside every consideration save that of making our stock the most select that capital and experience can assemble.

You will find a half-hour spent here extremely profitable in discovering the style tendencies as they are so faultlessly illustrated in Stein-Bloch garments.

H. T. WILKIN & CO.

The Home of Good Clothes

The Seal of Confidence

Every man knows of one certain clothier in his vicinity whose store expresses a higher level of merchandise ideals than every other. Always back of this kind of store stands the fine intelligence of a mercantile idealist. The frequency with which this merchant proves to be the retailer of

Stein-Bloch Smart Clothes

would be truly remarkable but for these facts. Nothing but perfection will satisfy good dressers who discriminate in clothes values; nothing but perfection satisfies these better merchants; nothing but perfection satisfies the makers of Stein-Bloch garments. And so the Stein-Bloch label, signifying "Fifty Nine Years Of Knowing How," has come to be known among the makers and the retailers and the wearers of Stein-Bloch Smart Clothes as an emblem of trust.
